## ABOUT DIFINITI

DIFINITI is a countertop and flooring product comprised of 93% quartz, granite or recycled glass held together with a pigmented binder. Including some of nature's strongest minerals, DIFINITI is resistant to stains and scratches. DIFINITI's depth, character and unusual clarity provide consistency of color with extraordinary strength.

## CHARACTERISTICS OF DIFINITI

Style is a distinctive manner of expression that is very personal. Each individual has their own personality that describes who they are and what they're about. Express style into your next interior design with DIFINITI...*Quartz to Suit Your Lifestyle.*

## COLORS

Choose from an assortment of colors within our stylish collections, and let DIFINITI help create a signature to truly suit your lifestyle or brand. DIFINITI's three collections include monochromatic limestone colors of *Enlighten*, traditional granite colors of *Enrich* and sassy sustainable colors of *Excite*. A total of 18 colors are currently available in the DIFINITI line and more to come. Standard sizes include 118"×55"×1¼" slab and 12"×12"×¾" and 12"×24"×¾" tile.

## APPLICATIONS

Common installation environments include counter and flooring surfaces in residential kitchens & bathrooms, airports, hospitals, shopping centers, office buildings, hotels, restaurants and a variety of other high traffic areas.

## WHERE TO FIND

Terrazzo & Marble Supply (T&M) is the exclusive distributor of DIFINITI in the United States. A pioneer of engineered stone products, T&M has a trusted history of offering one of the original quartz products available in the United States. With the introduction of DIFINITI, T&M continues to bring innovative quartz products to the architectural and design community.
